40 Days for Life Concludes with Lives Saved & Hearts Changed!

Right to Life's 40 Days for Life campaign has just concluded with huge success stories of lives saved and hearts changed.

Volunteers from across the San Joaquin Valley reached thousands of people through this powerful 40 day prayer ministry in front of one of the valley's busiest abortion facilities-Planned Parenthood Mar Monte of Fresno.

Through this kind and compassionate ministry, Right to Life led supporters in prayer and offered pro-life alternatives to unplanned pregnancy as well as post-abortive healing to young women for twelve hours each day from September 22nd through October 31st. And God answered our prayers!

Savanna* is five months pregnant today, and the mother of two born children both under eight years old. Three weeks ago, Wednesday, she visited the Planned Parenthood in Fresno for her scheduled abortion. She was done having children, and didn't want to bring anymore into this rough world. **But God had other plans...**

Life's Annual Christmas Dinner Auction

For just \$25 each month, you can be an integral part of RLCC's life-changing and life-saving work here in the San Joaquin Valley and across the U.S. [Click here](#) for more!

On Friday, December 3rd, Right to Life of Central California will hold its 22nd Annual Christmas Dinner and Auction Gala, "A Holly Jolly Christmas!"

All proceeds from this year's auction will continue to support our local pro-life educational efforts. These include our globally-heard internet show "Life Report," hard-hitting articles regularly featured on some of the most esteemed websites in the country, and high-quality YouTube videos with over a quarter of a million views! In addition, your support will help us to continue our annual "40 Days for Life" prayer vigil and help us expand our brand new campus outreach to local valley colleges and universities!

With over 800 attendees last year, this is one of the largest Christmas gatherings in the Central Valley and Right to Life's largest annual fundraiser. We invite you to support this event through sponsorship, advertising, or gift items for our silent and live auctions. We also welcome your attendance and participation the night of the event. All contributions are tax-deductible in accordance with IRS regulations.

To learn more or purchase tickets, please visit www.FresnoProLife.org. If you have any questions, would like to purchase tables or tickets, or donate items to support this event, please call the RLCC office at (559) 229-BABY (2229). We look forward to seeing you on December 3rd!

NO Defending Life Training this Month!

We're nearing the end of our year-long pro-life training series! We've decided to cancel the November, as our volunteers and supporters have just finished the 40 Days prayer vigil, (what a marathon!) and we're getting ready for the auction.

We will still have a December training: **"Busting Myths about Adoption & Pregnancy Care Centers."** Special guests Kristi Burkhart from the [Fresno Pregnancy Care Center](#) and Stephanie Grant from [Infant of Prague Adoption Services](#) will be here to engage in an interactive discussion with Josh to shed light on the common misconceptions pro-lifers are told by pro-choicers in everyday conversations.

This training will **NOT** be on Tuesday, but **Thursday, December 16th**, at the [RLCC office](#) from 6:30 - 8 p.m.

A Brand New Pro-Life Argument!

Life Report #104: Female Genital Mutilation & Back Alley Abortions

Description: In this episode, Josh shares a recent debate about U.S. policy on female genital mutilation, and how this story can be used by pro-lifers when discussing back-alley abortions. This may turn out to be one of the strongest pro-life arguments against the view that abortion should be kept legal to protect women from more dangerous abortions. But you'll have to watch or listen to the show to learn how YOU can use this in abortion dialogues. (Thanks to [Justice For All's](#) Trent Horn for alerting Josh to this argument.)

PG-13 WARNING: While female genital mutilation is never described in this episode, the concept in general is very difficult, and we would recommend parental discretion if young children are around.

Listener Mail: "Say, I've been using the [S.L.E.D. argument](#) in a few debates. However, some people will just bite the bullet and say that the mentally handicapped and Alzheimer's patients are non-persons, or that there is no difference between killing and eating babies versus pigs. No matter how hard I try, I cannot seem to show them how repugnant this is."
