Right to Life of Central California is excited to bring pro-life leader Shawn Carney to Fresno on March 7th!

Shawn joined the pro-life movement as a Texas college student. After graduating he became the Director of the *Coalition for Life*, where his passion for local pro-life ministry led to rapid growth. Shawn helped recruit and train thousands of volunteers and even helped open a new pro-life office next door to the Planned Parenthood abortion facility in his home town.

In 2004, Shawn helped launch the first-ever *40 Days for Life* campaign in College Station, Texas. In 2007, Shawn helped expand *40 Days for Life* into an international movement. Right to Life of Central California has hosted the local *40 Days for Life* campaign in Fresno since 2008.

Come hear Shawn's inspiring story and learn about Right to Life's exciting new plans for 2013... *and beyond!*

Jonathan Last, a journalist who writes for The Weekly Standard, the Wall Street Journal, and the LA Times, among others, has just authored a book entitled, [What to Expect When No One's Expecting: America's Coming Demographic Disaster](#). You can read a summary of Last's arguments in [this Wall Street Journal article](#) and/or watch the seven-minute interview with him.

I have yet to read the book, so I'm not endorsing it, nor do I know what all of Last's conclusions are. That's not the point of this article.

I'm expecting the pro-life community to begin hailing this book, if nothing else, because Last says in the above interview that America's declining birth rate dropped significantly in 1973. (Hmm. Does that year have any significance to pro-life people?)

Quote of the Month

"Josh Brahm is one of the top pro-life apologists in the country, in my opinion. He does a great job of helping the pro-life movement focus on making the most effective and accurate arguments possible to change hearts and minds. Josh is also a talented interviewer who gets guests to get to the heart of the most important and controversial issues the pro-life community faces."
