Dear Friend of Life,

February 2019

We are pleased to invite you to support:

**The "Jo Ann Stephens Memorial" Golf for Life Tournament
Monday, April 15th, 2019**

Fort Washington Golf & Country Club, Fresno

Your previous support has changed and saved lives. As a result of the tireless efforts of our supporters, we are proud to move forward with our new initiative, Right to Life's Obria Medical Clinics of Central California. Obria is a national chain of pro-life, reproductive health clinics which provide a broad range of women's health services—additional information on this exciting new initiative is enclosed.

We are thrilled about this new venture. We firmly believe this is something that Jo Ann Stephens would have embraced, and that her legacy will continue to support this much needed women's clinic.

Our 2019 Committee seeks your continued support. Our 2019 sponsorship levels include:

Lifeline \$5,000

Heartbeat \$2,500

Guardian \$1,500

Each above sponsorship includes:

- Recognition on all promotional materials, *including golf invitations*
- Golf, lunch and dinner fees (numbers vary according to level)
- Publicity at Fort Washington Golf & Country Club
- Advertising in the event program
- Recognition of your support in our quarterly newsletter (mailed to over 3,000 local households, churches & businesses)

Additional Sponsorships available:

Green Sponsor \$500

Tee Sponsor \$150

Sponsorships include signage on the green or tee and in our event program and newsletter to 3,000 supporters. All sponsorships are tax-deductible.

Your generosity carries on the legacy of JoAnn Stephens' work for the right to life for all. For more information, please call Right to Life at (559) 229-2229.

Telemedicine

Through Obria's smartphone app, **Obria Direct**, Obria patients can communicate via text or video chat with a nurse or doctor to discuss a medical condition, make an appointment, and even receive a prescription, all over a privacy-secured server.

Obria is the only chain of pro-life pregnancy clinics in the country to provide a telemedicine app. Through Obria's powerful online marketing tools, women searching for abortion services on their smartphones will be able to find our local Obria clinic, download the app, and start chatting with Obria nurses to set up an appointment in mere minutes. Obria's telemedicine services combat Planned Parenthood by finding young patients where they are—on their phones!

A Right to Life Ministry

Obria Medical Clinics of Central California (OMCCC) will be a local affiliate of the national Obria Group, and a wholly-owned subsidiary of Right to Life of Central California. This means that we will be an independent, local 501(c)(3), but we will still receive training, support, resources, quality control standards, and more from the national Obria organization.

Donations given to OMCCC will remain local, and go towards supporting its work and patients. Furthermore, since Right to Life of Central California will be a major financial backer and controlling parent-organization, donations to Right to Life will support Obria's healthcare ministry, along with Right to Life's continuing missions of education and outreach.

What is Obria?

Obria is a national chain of pro-life women's prenatal and reproductive health clinics. With 10 locations in California and dozens of affiliates throughout the country, Obria is one of the leading and most innovative pregnancy resource clinic chains in the nation, using cutting-edge technology to save lives and provide critical healthcare resources to both mothers and children. In the next 24 months, Right to Life of Central California is bringing an Obria clinic to Fresno!

We hope you will read more and visit rtlcc.org/obria, to learn about this progressive, innovative, life-saving ministry of Right to Life!

How We Serve

Obria clinics function differently from most pro-life clinics, which do not accept insurance and are funded 100% by donor contributions. Recognizing the reality that an enormous percentage of women in California have or qualify for insurance under Medi-Cal or Covered California plans, Obria clinics accept most forms of insurance.

This practice yields a number of benefits. First, it allows patients to find Obria and its services more readily, as it is a licensed medical clinic that accepts their insurance. Secondly, insurance reimbursements provide a new source of income for the clinic, taking a significant percentage of the support burden off of donors.

Dr. Amie Holmes will be the Medical Director for our Obria Clinic. She specializes in Women's Health, gynecology, natural fertility, robotic surgery, hormonal balancing, and wellness.
